WHAT IS MIDDLE SCHOOL CAMP?

Middle School Camp is a 5 day camp experience designed specifically for middle school students! This is our biggest event for middle school students, and we make sure that it is an unforgettable experience! The goal of Middle School Camp is for students to discover real life in Jesus, and through that establish their next step in their relationship with Him by separating from their regular routine and structure and instead intentionally connect with their small group, and most importantly, Jesus.

Each student is placed in a small group based on grade and gender, and given a small group leader. Students spend time in group in Bible study, in cabins, in worship gatherings, and on the REC field growing closer to each other all week. Our goal is for students to connect and grow with each other and their small group leader, because we believe these relationships will help them grow in their relationship with Jesus.
